Re: OSHC Fees and Operations During Lockdown

Greetings OSHC Families,

We hope this letter finds everyone well. For those required to quarantine at home, our thoughts are with you.

Unlike previous lockdowns, we are not in a position to remove fees of children not attending OSHC. Using allowable absences is the [advice of the Department of Education, Skills and Employment](#). If parents are in a position of hardship, supports around [Additional Child Care Subsidy is available](#). If parents still hold concerns, please discuss your individual circumstances with Lisa (manager@sherwoodoshc.com.au).

We anticipate that financial supports similar to those offered in NSW will be made available if the lockdown continues. In these circumstances, parents do not pay the gap fee (the out of pocket portion). We will communicate any changes as soon as they come to hand.

OSHC will continue to operate throughout the lockdown. They will adjust the program and practices to engage children in COVID-safe manner.

Any questions or comments, please feel welcome to get in contact with the P&C via exec@sherwoodpandc.org.au

Thanks

Sherwood P&C Executive Committee
