**Under the Investing for Success Agreement for 2018
Sherwood State School received**

\$235,413

Our full 2018 agreement can be found at: [2018 Investing for Success - Plan](#)

Our school initiatives are on track to meet or exceed our targets

During 2018, we focused on maximising the benefits of this funding for our students. After reviewing our 2018 *Investing for Success* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

- Embedding explicit, differentiated reading strategies consistently across ALL year levels
- Developing data literacy within staff, so they can use data more effectively to inform their planning, teaching and student differentiation and/or intervention
- Introduction of a research based phonological awareness program across the early years (Dr Michael Heggerty Phonemic Awareness Program P-2) to strengthen our focus on early years literacy development
- Organisation of an action research team to develop a strategic plan for a whole school writing program that will enhance student writing ability and success across the school - with the initial focus on ensuring there is lift in NAPLAN Writing Data in year 3 and 5
- Establish systems and practices around our students with disabilities, allowing them to better access the curriculum through the use of digital technologies across all KLAs
