Shared Financial Responsibility Record For School Payments

Some parents/caregivers share the financial responsibility of costs associated with their child/ren's education. With OneSchool school management application, our school has the ability to split invoices for all student fees, activities and excursions. With written consent from both parties, each parent/caregiver will only be invoiced for the percentage they are required to contribute. Each parent/caregiver will receive their own invoice by email.

Please complete the form if you wish to share financial responsibility between 2 parents/caregivers, indicating the percentage share (eg. 50% per parent/caregiver)
