

Parents and carers Help stop **COVID-19**

Prep Transition 2021 COVID Safe Plan

Our Prep 2021 Transition process aims to give families multiple opportunities to visit the school and for us as a school to get to know our future Prep students. This plan, however, is subject to COVID 19 circumstances and the advice from Qld Education and Health services. If there are any changes, we will be sure to communicate this to families.

In order to engage with Sherwood State School and the Prep Transition program, please be aware of the following expectations being placed on parents, carers and school visitors:

- Before entering the school site, please use hand sanitiser provided.
- While within the school grounds, ensure you maintain social distancing by keeping 1.5m away from other adults.
- Practice good hygiene by washing hands for 20 seconds and coughing/sneezing into your elbow.
- Follow staff instructions and signage when moving through the school grounds.
- Sign In and Sign Out on the School visitor register located at the gates of the school. By signing the register you are agreeing to abide by this COVID safe plan.

- Stay home if you or your child is feeling sick.
